Spanish For The Elementary Years # 111-2 CultureKids

Get a head start on the language by joining us for an educationally oriented curriculum that is specifically designed for the K-4 student to learn the Spanish language. This unique and exciting program features foundation vocabulary introduced through games, singing and fun activities. Students are able to compound words and begin forming simple sentences. Early introduction increases the student's ability to absorb rather than translate the language. If you have taken a CultureKids class previously, new vocabulary is introduced with each session - never a repeat. Join the fun! CultureKids, founded in 1999, offers Spanish enrichment programs for preschool and elementary students. They are dedicated to teaching the Spanish language to children using an established, successful curriculum that introduces the foreign vocabulary in a fun and interactive manner. Individual teacher biographies and other information can be found on their website at www.CultureKidsClub.com. **New and returning students welcome**. Please register no later than FRIDAY, SEPTEMBER 29th - class size is limited.
