

# Spanish enrichment offered at JCC Benderson Campus!

## Capture the opportunity in your child's development!

- Research studies have indicated the benefits of introducing foreign language skills at an early age!
- Students at a young age absorb a foreign vocabulary as if they were learning new words in English. There is no translation factor - only absorption!
- Younger students have flexibility with their tongues enabling them to pronounce foreign words with proper enunciation and accentuation!

SPANISH FOR PRESCHOOLERS is a fun and interactive program designed specifically for 3-5 year olds. Lesson plans incorporate a Spanish vocabulary through diverse methods including nursery rhymes, puppet shows, felt boards and lots of singing and dancing! Children complete the course with knowledge of counting in Spanish, days of the week, basic greetings and phrases, identifying animals, body parts, clothing and colors all in Spanish.
